EU-MILL co-ordination team in Tangier

Members of EU-MILL co-ordination team concluded a visit to Tangier last week (16-17th October) to give a new impulse to the activities related to the university-enterprise meetings. The meeting was attended by Mr. Amin Laglaoui, Mr. Mohammed Bakkali (Abdelmalek Essaâdi University) and Mr. Abdelkarim Maltouf (Mohammed V Agdal University) and by Mr. Mariano Aguayo and Mr. Bosco Govantes from the University of Sevilla and gave a new coordinated impulse to the activities of the WP8 related with the collaboration between enterprises and universities.

University-Enterprise Meetings launched in Tunisia

One of the most important objectives of the EU-MILL project is promoting the exchanges between university and enterprise with the aim of establishing synergies between the enterprises' needs and the Lifelong Learning offer, encouraging legal changes promoting a positive exchange perspective.

Within this context, a meeting in Gabes University took place on November 9th. The seminar celebrated in Gabes succeed in bringing together representatives from several universities in Tunisia and elsewhere, executives from the socio-economic field and political decision-makers, giving an excellent kick off to the University-Enterprise partnership.

The Seminar brought together academic personalities from the local context, through the Maghrebian one, up to the European one, as well as high represents from the socio-economical sector in Gabes and public decision makers.

On December the 3rd, a second meeting took place in Tunisia at the Ecole Nationale d'Ingénieur de Sousse (ENISO) associated to the forum "convergence ENISO-Enterprises", this meeting as well as the one celebrated in Gabes, brought high represents from the socio-economic field on the regional, academics from the University of Sousse and others, as well as national and European authorities.

We are receiving an excellent feedback for future co-operations approaching the university LLL offer to the market's demands from both Tunisian meetings. We congratulate both Tunisian universities associated to EU-MILL project for its excellent job.

During the first months of 2015 more University-enterprise meetings will take place on Morocco, Algeria and Lebanon.
